

CHOOSING AN ECCHA COMPANION

With so many pet options available, it can be very difficult to select the right pet for your lifestyle. Before making a decision, take time to think about all the elements of each type of pet.

What Do You Want In a Companion?

- ✓ **Size**
Large, medium, small, or pocket pet? Consider your space, resources available to you, and your personal restrictions.
- ✓ **Personality**
Independent like a cat, or an adventure buddy like a dog? Choose something that fits your lifestyle and space.
- ✓ **Age**
Young pets are cute, but remember there is often more cost associated with spay/neutering and vaccinations. They also take more time to potty and obedience train.

ALWAYS REMEMBER:

-  Be a Responsible Pet Owner
-  Animals are NOT Disposable
-  Protect your Pet's Health & safety
